Denimoz & Sulfaid

Denimoz & Sulfaid are ranges of robust, specially designed high performance auxiliaries for the efficient & economical wet processing of denim in all forms. These products are designed to meet the challenges of denim processing over long lengths and extended continuous processing times.

DENIMOZ

FUNCTION	PRODUCT NAME	PRODUCT DESCRIPTION
Mercerizing wetting agent	DENIMOZ MERCER QN	Specific cresol – free low foaming wetting agent for mercerizing of cotton and cellulosic blends.
Wetting agent	DENIMOZ HIWET NF	Wetting and de-aerating agent for continuous and discontinuous dyeing.
Cleaning agent	DENIMOZ ENHANCER XR	Speciality low-foaming preparation auxiliary for cotton yarn in continuous warp-processing (slasher/rope) machines.
Scouring agent	DENIMOZ PREWET N5913	Speciality nonionic low-foaming preparation auxiliary with excellent wetting properties on Greige cotton yarn in continuous warp-processing (slasher/rope) machines.
Sequestering agent	DENIMOZ SEQUADET FBN	Special complexing agent for Calcium, Magnesium & heavy metal ions with protective colloid action and excellent dispersing effect in all cotton preparation, dyeing and washing-off processes.
Buffer	DENIMOZ NEUTRABUF OCN	Non-volatile mixture of organic acids with buffering action for application in pre-treatment, dyeing and finishing.
Dispersing agent	DENIMOZ EXECUTOR IAS	Multifunctional dyeing auxiliary with dispersing and leveling properties for Indigo, Sulphur, Vat and Pigment colors.
Fixing agent	DENIMOZ DYEFIX S2D	Speciality fixing agent to achieve higher colour retention and improve fastness of indigo and sulphur dyes on cottons and to obtain deeper colour effects on garments during subsequent washing treatments.
Rope opener	DENIMOZ LUBRIGEN A-B	Speciality lubricant for use as a denim re-beaming aid.

SULFAID

FUNCTION	PRODUCT NAME	PRODUCT DESCRIPTION
Reducing agent	SULFAID ANTIOXIDANT IY	Multifunctional reducing agent for use in Sulphur dyeing.
Reducing agent	SULFAID ANTIOXIDANT M	Multifunctional reducing agent for use in Sulphur dyeing.
Reducing agent	SULFAID ANTIOXIDANT E	Sulphide free multifunctional reducing agent for use in sulphur dyeing.
Reducing agent	SULFAID ANTIOXIDANT H	Sulphide free multifunctional reducing agent for use in sulphur dyeing.
Reducing agent	SULFAID REDUCER G	Strong reducing agent for the ecological dyeing of the Ecosol & Ecovat ranges of sulphur & modified sulphur dyes on cellulosic fibres and their blends.
Reducing agent	SULFAID REDUCER SC	Specialty reducing agent for application of sulphur colors in fabric padding/coating.
Oxidising agent	SULFAID OXIDANT IO	Substitute for Dichromate/ Perborate Oxidation of Sulphur dyeings on Jigger, Winch, Continuous (Pad- Steam) and Semi continuous (pad-jig).
Oxidising agent	SULFAID OXIDANT ION	Oxidizing agent for sulphur dyes to give true tones.
Thickener	SULFAID PRINT N-TAK	Special synthetic thickener for Ecosol dyes printing & coating applications.
Coating polymer	SULFAID DESIGN EFFECT S 311	Self cross linking co-polymer for color coating application.
